REF: Memorandum for Comptroller from Office of General Counsel
dated 11 June 1959, subject: Shipment and Storage of
Household Effects, copy attached.

1. In view of the opinion expressed by the Office of General
Counsel with respect to the applicability of weight limits on
shipments being returned to the United States, it does not appear
that the claim against Mr. [] is proper. It will therefore be
appreciated if his vouchers could be reviewed in light of this
latest information.

2. The first and second notices reflecting the amounts
requested are returned.
